

R2499 for a Windows computer, get yours today on Takealot

10 December 2015, Johannesburg - CloudGate Square, already considered the most cost effective [Windows computer](#) in the country, has partnered with Takealot, to drop its price by a further 16% for today only.

With full internet access via wifi, bluetooth and ethernet, CloudGate Square is ideal for families looking to replace their old fashioned desktop computers in time for the new school year. Access to the full range of games, educational content and tools through the Windows App store means there is something for everyone to enjoy through the festive season.

Lightweight, compact and energy efficient (it consumes less electricity than an energy-saving light bulb), the CloudGate Square is an ideal media player for ShowMax, for those households considering streaming more of their television content.

The Daily Deal price of the CloudGate Square is R2 499, only on Takealot and only for Thursday, 10 December.
